Company Overview

Bahrain Advanced Technology Co. W.L.L. (BATEC) is a Market Leader in providing Enterprise Class Data, Voice & Video Solutions, Information Systems & Network Security, Industrial Surveillance & Access Control Solutions and Consultancy Services to the Bahrain Market and Gulf Region through our valued partnership network.

BATEC was established in 1984, and has expanded to become the Leader in provision of Total IT Solution Services in the Kingdom of Bahrain.

BATEC has 150 years of combined experience in serving customers with special trained service engineers & technicians

BATEC offers a wide range of Network, IT security and telecommunication systems, which can be tailored to your specific needs. We strive to be at the front of technology by introducing new & innovative products to the market & providing cost effective solutions backed by one of the best professional service engineering teams in Bahrain.

BATEC ensures the quality of all our products & offer you unsurpassed service & maintenance.

BATEC always strive to bring to the market the very latest technology & cost effective products like: Motorola wireless system, VoIP, Security systems, PABX system and many more....

MISSION

Our mission is to understand the needs of our clients and to offer efficient, innovative and cost effective solutions. At the heart of our mission is to develop long-term business relationships with our clients and to help them achieve goals.

We listen, develop and implement customized solutions and aiming to be the best Technology Service Provider Company.

Why we are one of the best solution providers?

- Wide range of products
- Customized solutions to match your needs. We do it your way, we don't believe in the "One size fits all Policy"
- Introducing new & innovative technology
- Largest team of Installation & Maintenance personnel, to ensure fast & efficient service.

CUSTOMER SUPPORT

BATEC has a strong emphasis on good customer support. We have the best professional support staff of any IT system solution to maintain our leading position in the market. Good training & a dedicated staff ensure quality & customer satisfaction. We maintain specialist staff to answer & respond to service or emergency calls, or customer queries.

BATEC encourages customers to enter in to Maintenance contracts which we can tailor to suite individual needs and keep the right products stocks to meet service level needs.
